GROWERS OF PLANTS
FOR THE TRADE

WHITE MARSH

MARYLAND

SPRING---1930

TO OUR PATRONS

TO BE READ BEFORE ORDERING

NON WARRANTY

We wish it to be distinctly understood that, while we take every precaution to have all plants and bulbs true to name, we give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any of the plants or bulbs we send out, and will not in any way be responsible for the crop. Every order we receive will be executed on these conditions only, and they must be accepted by the customer when ordering.

We aim to get new customers and keep old ones, and by honorable dealing to satisfy both customer and ourselves.

RESERVATION OF PLANTS FOR FUTURE SHIPMENT

While we try as far as possible to reserve plants on orders placed in advance for future shipment, it must be borne in mind that plants are perishable and cannot always be held in stock like other merchandise.

Weather conditions frequently make such reservations impossible, as much as we would desire to do so. Customers may rely on us doing our utmost to fill all orders placed in advance, but if we fail we assume no responsibility, and advance orders are accepted on these conditions only.

SAFE ARRIVAL GUARANTEED

We guarantee the safe arrival of all goods sent by mail or express to points within the United States. If packages sent by mail or express are lost, we replace them as soon as we are informed of the fact. All claims for damages must be made on receipt of goods.

We do not hold ourselves responsible for failure after goods are delivered in good condition.

PLANTS DELIVERED FREE

All plants offered in this catalog at single and dozen rates will be delivered free except large Ferns and Palms, and other large orders which, by their nature, must be sent by express, when they will be sent express collect; that is, the customer will pay express charges. Part of the soil will be removed from all parcel post and prepaid express orders.

CASH WITH ORDER

Please send remittance sufficient to cover entire order. We decline to send goods "Collect on Delivery." If order cannot be filled all money will be returned. We make no charge for packing and delivering to express or postoffice.

R. VINCENT, JR. & SONS CO.

FERNS

These beautiful and graceful plants now occupy first place among decorative plants. They are unsurpassed for either parlor or conservatory decoration, and nothing gives a touch of refinement to a porch or sun parlor that a well finished Fern does. The *Nephrolepis* family, of which the well-known Boston and its descendants are members, are of a strong, healthy nature and succeed well under ordinary care. Fine exhibition specimens can be grown in the home.

BOSTON—*Nephrolepis Exaltata Bostoniensis* is a rapid grower of easy culture, soon forming fine graceful plants, its beautiful broad fronds often obtain a length of five feet; they droop gracefully, completely hiding the pot or jardiniere. No plant ever introduced has had a larger sale or held its position in popular favor like the Boston fern.

4-inch, \$0.50 5-inch, \$1.00 6-inch, \$1.50
Large specimens, 8- and 10-inch, \$10.00 to \$15.00 each.

SCOTTI—The fronds are broad and beautifully tapered from base to tip. They droop just enough to make a shapely, graceful plant and to finish with a nice full center. It is such a compact vigorous grower that it thrives well under rather adverse conditions, producing a plant of rare beauty and perfection, indispensable for dining-room or library, or places in the home where room is somewhat limited.

4-inch, \$0.50 5-inch, \$1.00 6-inch, \$1.50
Large specimens, 8- and 10-inch, \$10.00

CORDETTA COMPACTA—This is better known as the sword plant, its fronds are rather more narrow than the Scotti and stand erect more than drooping. They are dark holly green and have the strongest constitution of any of the decorative ferns, will last longer and keep better than any other kind, in fact many people who through adverse conditions have difficulty in growing the Boston type succeed well with this.

4-inch, \$0.50 5-inch, \$1.00 6-inch, \$1.50

WHITMANII—The Ostrich Plume fern is a sport from the Boston fern. The ends of the pinnae which overlap on the heavy fronds are sub-divided and twisted, giving it an attractive, airy and feathery appearance.

4-inch, \$0.50 5-inch, \$1.00 6-inch, \$1.50

PALMS

BELMORIANA—A handsome spreading specimen, fine rich dark green foliage, which curves gracefully with a grandeur and decorative effect hard to describe. This variety is grown only one plant to a pot or tub.

6-inch pot, \$4.00

7-inch tubs, 32 to 34 inches high, \$6.00

8-inch tubs, 36 to 40 inches high, \$10.00

Large plants up to \$15.00 each.

RUBBER PLANTS

FICUS ELASTICA—The well-known and useful decorative plant, an old favorite.

5-inch pot plant, \$1.25 each.

ASPIDISTRA

LURIDA—One of the hardiest decorative plants we have for the house, thriving in semi-dark places, where nothing else will succeed; dark green sword shaped foliage.

5-inch pot plants, \$1.25 each.

LURIDA VARIEGATED—The dark green leaves are striped white, very effective.

5-inch pot plants, \$2.00 each.

SANSEVARIA

ZEYLANICA—Sword shaped leaves, variegated marked with transverse bands of dark green and grayish white. A very useful plant for house decoration, as it will stand considerable drying out and neglect.

4-inch pot plants, \$0.75 each.

5-inch, \$1.00 each.

LAURENTII—In addition to the variegation showed in *Zeylanica* it has a band of creamy yellow on the edge of the leaves, adding greatly to its decorative effect.

4-inch pot plant, \$1.25 each.

5-inch pot plant, \$2.00 each.

ABUTILON

Flowering Maple. The plants grow rapidly and flower freely and by some are considered indispensable for winter blooming; planted out in the Spring they are effective for bedding or borders.

15 cents each. \$1.50 per doz. \$8.00 per 100.

ECLIPSE—Mottled green and yellow foliage, scarlet bell shaped flowers. Dwarf growing, suitable for window boxes and low bedding; makes a pretty winter blooming plant.

SAVITHI—Tall growing, variegated white and green foliage, an excellent border for red foliage Canna beds.

ACALPHA-MACAFEEANA

A tall growing plant used extensively for large bedding and border for Canna beds. Can be used among shrubbery for color effect. The foliage is handsome in its coloring, being a combination of bright red and yellow, mottled with chocolate.

15 cents each. \$1.50 per doz. \$8.00 per 100.

ACHYRANTHES

These are handsome bedding plants that should be more used. They are taller growing than Alternantheras and will stand trimming in shape better than Coleus. The colorings are strikingly beautiful and stand out in distinct contrast when properly planted.

15 cents each. \$1.50 per doz. \$8.00 per 100.

BESTERI MOSIACA—Light green and dark red mottled foliage.

BLARDII—Pointed, broad leaf of purplish crimson.

EMERSONII—Round, broad leaf of purplish crimson.

GIBSONII—Pointed leaf, green with yellow marking.

LINDENII—Color dark purple, with narrow pointed leaves. The popular dark red bedding variety.

McNALLY—Round, broad leaves, green streaked yellow.

AGERATUM-FRASERII

We feel confident in offering *Ageratum "Fraserii"* to our customers that we are offering what will be one of the most valuable acquisitions to the bedding plant line in recent years, that is a blue, a decided blue, that would be continually in bloom. In our trial grounds last summer "*Fraserii*" attracted more attention than any other bedding plant. It only grew about eight to ten inches high and was covered the entire summer with what can easily be classed as immense truss of flowers, as many of them were over two and one-half inches across, while the individual flower would be seven-eighths of an inch in diameter. The plant spread about twelve to fifteen inches across. It can very easily be used with *Alternantheras* as a border plant.

Being an early bloomer and dwarf, compact grower, it makes an excellent pot plant.

20 cents each. \$2.00 per doz. \$12.00 per 100.

ALTERNANTHERAS

The most used and most satisfactory bedding plant that we have for lettering, design work and low bedding. The dwarf varieties grow eight to ten inches high and ten to twelve inches wide, requires very little trimming to keep it in shape.

\$1.00 per doz. \$6.00 per 100.

AMONEA ROSEA—Rose and carmine.

AUREA NANA—Yellow, compact.

BRILLIANTISSIMA—Rich carmine.

CARROLL PARK BEDDER—Dwarf red.

JEWELL—Rich carmine; strong, robust.

SEYBOLDII—Yellow; strong grower.

VERSICOLOR—Crimson, chocolate and green; tall grower.

BEGONIAS

Begonias can be adapted to almost any use to which a blooming plant can be used. As a pot plant it is superb; as a bedding plant it cannot be excelled. They are continuously in bloom the entire summer season, and as a house plant they can be depended upon to bloom as long as desired.

CHATELAINE SUPREME — The same pleasing pink shade as Glorie de Chatelaine but a much stronger grower. Will not damp off as quick. Free flowering and sure to give satisfaction.

DREGI—Deeply serrated green leaves reddish on the under side; small white flowers, freely produced. A useful variety.

GLORIE DE CHATELAINE—Dwarf, compact grower. Always full of flowers of a lively pure pink color; a good hardy grower. This is becoming a popular pot and bedding plant.

GRACILLIS PFITZERI TRIUMPH—Pure white, free flowering.

LUMINOSA—Red flower; foliage turning reddish bronze when growing in the sun.

PRIDE OF NEW CASTLE—A red sport of Glorie de Chatelaine, dwarf compact, free

flowering sort; splendid for winter blooming.

PRIMA DONNA—Limped-rose shading to carmine at the centre; ever blooming. 15 cents each, \$1.50 per dozen, \$8.00 per 100.

ARGENTEO GUTTATA—Profusely branching long shining green leaves, thickly dotted with white spots; flowers in clusters of white tinged pink; well worth a place in every collection.

3-inch pot plants, 25 cents each.

4-inch, 50 cents each.

CORALLINE LUCERNE—A strong, vigorous upright grower, attractive bronze green foliage, spotted white. The beautiful bright coral-red flower of heavy wax texture is freely produced in immense clusters.

3-inch pot plants, 25 cents each.

4-inch, 50 cents each.

CUPHEA

Cigar Plants. Flowers tubular in shape, 1½ to 2 inches long, and have two bright scarlet wings at the end of each flower. The tip of the flower is bright purple, the stamens are pure white. Useful as a basket or pot plant; blooms continuously.

15 cents each. \$1.50 per doz. \$8.00 per 100.

CANNAS

In Cannas we have not tried to offer a large list, which necessitates the duplication of varieties, but rather to offer a list of distinct, dependable varieties. The plants we offer are strong, three-inch pot plants, which will make an immediate effect, and should not be planted until all danger of frost is over. Unless otherwise noted, the price is,
20 cents each. \$1.50 per dozen. \$10.00 per 100.

ALAMANIA—Large, flowering, yellow, showing a marking of scarlet, tall robust grower, beautiful green foliage, a fit companion for King Humbert.

APRICOT—Buff yellow base, overspread with salmon pink; green foliage; 4 feet.

AUSTRIA—Large flower, golden yellow; strong grower; 5 feet.

BALTIMORE—An exceptional fine variety, clear rose pink flowers; large compact trusses, held well above the foliage.
25 cents each. \$2.50 per doz.

CHAS. HENDERSON—Deep rich crimson scarlet, growing about 4 feet. A particularly attractive bedding sort.

CITY OF PORTLAND—Beautiful glowing pink; flower of the largest size; freely produced in large trusses; green foliage.
25 cents each. \$2.50 per doz.

EUREKA—Its flowers of creamy white are produced very freely on stems thrown well above the rich green foliage.

FLORENCE VAUGHAN—An old favorite bedding; yellow. The flowers are yellow spotted with scarlet and produced freely.

GLADIATOR—Strong, vigorous grower, with fine green foliage; large heads of flowers; color is yellow spotted with red; blooms early and late, always looks cheerful.

GOLDEN GATE—Orange yellow; shows a reddish throat; profuse bloomer; a fine bedder.

HUNGARIA—One of the best bedding pink Cannas. A beautiful clear rose; grows about 3½ feet high.

INDIANA—Four feet; color is a glistening orange daintily marred and striped with red.

KING HUMBERT—In this we have the finest type of orange scarlet flowers combined with the finest type of bronze foliage. 25 cents each. \$2.50 per doz.

KING MIDAS—This is certainly soon to become in yellow what "The President" is in red; a clear, bold outstanding pure yellow, about the same height as The President.

\$1.00 each. \$10.00 per dozen.

MRS. PIERRE S. DuPont—A remarkable fine Canna in every respect, color; size of flower, habit of growth and all the good points of the ideal Canna; color, attractive watermelon pink.

\$1.00 each. \$10.00 per doz.

PENNSYLVANIA—Six feet. One of the finest hybrid orchid flowering Cannas extant. The flowers are pure deep scarlet of immense size.

PRESIDENT—The flowers are produced in immense trusses of the most brilliant red, it possesses all the good points of Fire Brand enhanced by extraordinary vigor and perfectly healthy foliage.

25 cents each. \$2.50 per doz.

QUEEN CHARLOTTE—Rich pomegranate red, bordered with bright golden yellow.

RICHARD WALLACE—Green foliage, large canary yellow flowers; 4½ feet.

RUBIN—Bright scarlet flowers, dark foliage; 4 feet.

SHENANDOAH—4 to 5 feet. The plant grows to a medium height, having broad chocolate foliage, with a bronze-metallic luster. The flower is large and a pretty shade of pink, making a pretty contrast with the bronze foliage.

UNCLE SAM—Clear, deep orange flowers, borne in large clusters, handsome, luxuriant, rich green foliage; 6 feet.

VENUS—A gay rosy-pink with a well defined border of creamy yellow; green foliage; 4 feet.

WILMER ATKINSON—Another great acquisition to the Canna list in a truly wonderful bright clear yellow, the flowers are of the largest size, and produced in great profusion; the foliage is a beautiful green, it in fact represents all there is to be desired in a yellow Canna.

\$1.50 each. \$15.00 per doz.

WYOMING—Orange scarlet flowers; dark foliage; 4½ feet.

HARDY POMPON CHRYSANTHEMUMS

These are universally popular for bedding as well as for cut flowers. No collection of Chrysanthemums is complete without some of them, and, considering their many qualities, there is no cause for surprise to see them cultivated so extensively.

Plants from 2-inch pots, 10 cents each, \$1.00 per doz., \$6.00 per 100.

LARGE FLOWERING OR ASTER VARIETIES

- BRONZE QUEEN**—An even shade of golden bronze; dwarf.
- CHICAGO PEARL**—A good white pompon, which may be grown in sprays or disbudded.
- CLORINDA**—Produces erect sprays of an even shade of bronze.
- COMETO**—Dark rose, shaded magenta.
- CORA PECK BUHL**—Deepest of all yellow pompons.
- ERMALINDA**—Old rose, with silvery sheen.
- FAIRY QUEEN**—A delightful deep enchantress color.
- ILLONA**—A rosy lavender much the same in color as Leilah but later.
- JULIA LAGRAVERE**—Red; a tall grower.
- LILLIAN DOTY**—Flowers, beautiful, shell pink; strong upright growth.
- MIMICO**—Lavender seedling from Lillian Doty.
- MIRAMAR**—A fine bronze; excellent form.
- RED DOTY**—Deep wine red, similar in habit to Lillian Doty.
- UVALDA**—The earliest white; sometimes shows a slight shade of pink when first opening.
- WANDA**—Large white.
- WESTERN BEAUTY**—Large flowering; rose pink; a great favorite.
- WHITE DIANA**—Good white; tall grower.
- YELLOW DIANA**—Pure yellow; large flower.

SMALL FLOWERS, OR BUTTON VARIETIES

- BUENA**—Golden bronze; cannot be too highly recommended.
- CHRISTMAS GOLD**—Late flowering, very bright yellow.
- EUGENE LANGUTH**—Yellow.
- GOLDEN CLIMAX**—A very pleasing shade of bright yellow.
- GOLDEN CREST**—Bright golden yellow pompon.

- HILDA CANNING**—A very attractive bronze of the small flowering section; one of the best of this type.
- IRENE**—A true pompon type; pure white.
- NORINE**—A seedling from Christmas Gold; the same shade of yellow but it is larger.
- OURAY**—Dark mahogany brown flowers of medium size.
- RODELL**—An early yellow pompon.

ANEMONE VARIETIES

- CHESTNUT**—Both ray and disc florets are an even shade of tan, harmonizing perfectly with reds and yellow.
- GODFREY'S PERFECTION**—A pure white variety; more productive than any of the pompons or anemones; a good shipper; makes excellent pot plants.
- IZOLA**—A true and even shade of amaranth.
- MAPLE LEAF**—Like the soft maple leaf, the color is displayed in various shades of red and yellow, changing from day to day as development progresses; high, rounded cushion.
- THE BELLE**—Purest white, both ray and disc florets.
- VOLUNTEER**—A good shade of yellow, long stiff stems.

SINGLE VARIETIES

- DAZZLER**—Red.
- MARGARET WAITE**—Cense.
- MISS ISABELLE**—Deep pink.
- MRS. BUCKINGHAM**—A large, flat flower of a lovely shade of rosy pink.
- MRS. GODFREY**—Light pink; excellent as a late single.
- YELLOW MENSA**—Doubtless the best yellow for general purposes.

MINIATURE OR BABY VARIETIES

- CRISTA**—A sulphur yellow baby pompon.
- DAINTY MAID**—Pearly white.
- WHITE MIDGET**—Purest white; somewhat larger than baby.

COLEUS

The Coleus is a plant familiar to all; for bedding purposes it cannot be excelled. The foliage is very beautiful and in a great variety of shades of markings, yellow and red predominating. It is used in great quantities in private places, public gardens and parks. The Coleus shows up best and makes the best showing when planted in color masses, light and dark colors contrasting. Coleus requires full sunlight to bring out its brightest colors.

15 cents each. \$1.50 per doz. \$8.00 per 100.

BRILLIANCY—This variety belongs to the Giant leaf section; of strong vigorous habit, growing from 2 to 3 feet high; leaves often from 9 to 19 inches long which are of a bright carmine, shading off to a deep maroon, the margin being yellow and green, the whole leaf having a rich velvety lustre.

Standard Varieties

ANNIE PFITZER—Very dwarf; yellow.

CRIMSON KING—Strikingly handsome, velvet oxblood red; robust grower; splendid both as a pot plant and bedder; does fine in winter boxes planted in sunny places.

DUNERIA—A magnificent Coleus; color, various shades of crimson, with leaves very large; a magnificent showy bedder, standing the sun as well as *Verschaffeltii*.

DAZZLING GEM—Rose-pink center, margin of chocolate green; dwarf compact grower; stocky pot plant variety.

ELDORADO—Luxuriant velvety foliage; old gold handsomely ribbed and blotched very dark garnet.

FIRE BRAND—Bright maroon; charmingly flamed and shaded, vividly glowing scarlet of wondrous beauty.

GOLDEN BEDDER—This indispensable and favorite yellow bedder needs no description.

HARDING—Strong, robust grower; a wonderful combination of chocolate, green and pink; beautiful for specimen plants.

JOHN PFITZER—Dwarf, compact grower; reddish crimson edged with yellow.

LORD PALMERSTON—An excellent beautiful, dark velvety maroon center with dark crimson ribs, commanding admiration from all.

LYONS—A beautiful yellow variety with handsome markings, a good bedder and quite distinct.

QUEEN VICTORIA—Remarkably handsome; bright cardinal red with distinct bright golden border; strikingly beautiful.

ROB ROY—The beautiful dwarf variety, pinkish red with crinkled edges, winning an enthusiastic admiration from all who see it.

SALVADOR—Magnificent scalloped edge, center bright, soft crimson maroon, bordered with a gorgeous combination of green and gold.

SENSATION—Dark maroon, light crimson with pink ribs and center.

SUN RAY—Dwarf, crimson center blotched with pink, deep scalloped green and yellow edges.

VERSCHAFFELTII—The standard crimson bedding variety.

TRAILING QUEEN—The so-called running variety, small foliage dwarf grower; yellow and pink center, bordered with maroon and green.

YELLOW TRAILING QUEEN—Center of bright yellow, bordered with olive green, with deeply serrated edges intermingled with yellow.

DAHLIAS

The prices quoted are for strong pot-grown plants, which many experienced growers of the finest grade of cut flowers prefer to roots, claiming that they produce a far superior grade of flowers.

The time of planting depends on the location, usually about the time that the vegetables are being planted. For Maryland and vicinity we suggest—May 20th to June 20th as the proper time.

	Each	Per 10
ABERDEEN —(Cactus) deep carmine, bright shading crimson.	\$.25	\$2.00
A. C. IDE —(Decorative). This is a grand variety and one certain to be in demand, especially for exhibition. It is large, of fine quality and blooms are produced freely. The color is a rich velvety maroon.	.25	2.00
A. D. LIVONI —(Show). Rich sea shell pink.	.15	1.25
ALEWINE —(Pompon). Flesh edged lavender pink.	.15	1.25
ALICE WHITTIER —(Hy. Cactus). A beautiful Primrose yellow variety. Very large and of exquisite form.	2.00	16.00
ALLIE MOUREY —(Pompon). Pinkish white, tipped deep pink.	.15	1.25
AMUN RA —(Decorative). A gorgeous shade of copper and orange shading to gold and amber and deepening in the center to a reddish bronze, ten inch.	1.00	8.00
AMBASSADOR —(Cactus). A delicate buff-yellow shade with a salmon-pink suffusion.	1.00	8.00
AMBER QUEEN —(Pompon). Rich amber, profuse bloomer.	.25	2.00
AMI BARILLET —(Single). Scarlet maroon flowers, dark bronze foliage.	.15	1.25
ATTRACTION —(Cactus). A beautiful Dahlia that is greatly admired. The flowers, which measure fully 6 inches in diameter, are composed of gracefully arranged curled or twisted petals of a lively yet soft silvery mauve-rose, with white suffusion.	.35	3.00
BALTIMORE —(Decorative). Lemon yellow.	.25	2.00
BARBARA REDFERN —(Decorative). A free-blooming decorative of great size and depth; the color a beautiful blending of old rose and old gold. The large blooms are held on strong, stiff stems on a tall, vigorous bush.	2.00	16.00
BIG CHIEF —(Century). Brilliant cherry red, margined rich, velvety maroon.	.15	1.25
BLACK JOKER —(Peony Decorative). Very dark velvety red.	.50	4.00
BOB PLUSE —(Decorative). A very attractive variegated dahlia, colors are a pleasing combination of a dark red, tipped with white. Very free bloomer.	1.00	8.00

DAHLIAS—Continued

	Each	Per 10
CAUMSET CHIEF—(Decorative). A bright red on good stems; large free blooming; a very bright spot in the garden and a good keeper when cut.	.25	2.00
CATHERINE K—(Decorative). Large, clear yellow of good substance; blooms on good stems; a fine cut flower variety.	.50	4.00
CHARLES LANIER—(Show). Yellow amber, shaded buff.	.15	1.25
CHARM—(Decorative). A much admired autumn shade of burnt orange shading to yellow. Particularly suitable for decoration with autumn leaves. Flowers large and evenly formed.	.75	6.00
CHESAPEAKE—(Decorative). A peculiarly striped and tinted variety; very attractive; canary yellow, striped and streaked throughout with crimson, the color of the reflex.	.25	2.00
COLOSSUS—(Decorative). A truly colossal bloom. Heavy bright cherry red.	.50	4.00
COUNTESS OF LONSDALE—(Cactus). Rich salmon.	.15	1.25
CRIMSON QUEEN—(Pompon). Deep crimson shaded purple.	.15	1.25
DARKEST OF ALL—(Pompon). Dark maroon, almost black, profuse bloomer.	.50	4.00
DIEMONT VON BIJSTEIN—(Peony). The petals are most delicate lilac mauve with bluish tints. Flowers are borne on enormous long stems of wiry stiffness and are produced in great abundance.	.25	2.00
DR. TEVIS—(Decorative). A soft salmon rose, suffused with old gold with golden apricot at center. The blooms are borne in profusion on long, stout stems. The petals have a rich, old rose reflex.	.25	2.00
EBENEZER—(Decorative). An entirely new type of twisted petaled decorative dahlia. Bright velvety maroon showing a light reflex, large flower; tall grower; a very desirable variety.	.50	4.00
EDEN—(Collarette). A lovely, pure white collarette; good bushy habit; free flowering. Height, 3½ feet.	.25	2.00
EDWARD M. PARRISH—(Decorative). A variety of our own origin; handsome well-formed flowers of more than an average size, freely produced on stiff stems held well above the robust heavy foliage. It is an attractive shade of lavender mauve; a splendid keeper, an ideal commercial sort.	.75	6.00
EMILY BADETTY—(Decorative). Large; mauve rose ground; streak and spotted maroon, slightly tipped; fleshy pink; six to eight inch flower on stiff two-foot stem; very hard to describe.	.50	4.00
ENID—(Cactus). Good dark red on good stem; free bloomer.	.50	4.00
ETHEL MAULE—(Show). Pure white, tinged pale lavender in center; medium size flower.	.15	1.25

DAHLIAS—Continued

	Each	Per 10
FORDHOOK VICTORY —(Decorative). Giant flowers of a rich shade of tyrian rose, substantial and well placed petals, marvelous flower.	2.00	16.00
FRINGED 20TH CENTURY —(Century). Similar to 20th Century in color, the petals are deftly cleft, giving it a fringed appearance.	.25	2.00
GARDEN GLOW —(Hy. Cactus). Orange-red and chrome-yellow.	2.50	10.00
GEORGE JR. —(Hy. Cactus). A beautiful exhibition dahlia of perfect formation. A lovely bright salmon rose with shadings of picric yellow. Large flowers carried well above the foliage on good stiff stems.	5.00	40.00
GLADYS SHERWOOD —(Hybrid Cactus). The largest white Hybrid cactus, deep and full to the center with good stems; highly recommended for garden and exhibition.	1.00	8.00
GOLDEN WEST —(Decorative). Best yellow, good stems, fine for cutting.	.25	2.00
HORTULANUS FIET —(Decorative). Another giant-flowered variety. The most delicate shade of shrimp pink, the tips of each petal barely touched with gold. The entire flower has a suffusion of delicate tints of red and yellow, which gives a glow, yet softness of color difficult to describe.	.50	4.00
HOLLYWOOD —(Cactus). A fine form of flower large and free; beautiful rich salmon.	.25	2.00
INDIAN CHIEF —(Pompon). Crimson.	.15	1.25
INSULINDA —(Hybrid Decorative). An immense flower of a distinct type, borne on rigid, stiff stems, holding the flowers erect; the color is a combination of true Autumn shades, being golden ochre suffused salmon red, deepening towards the center. The petals are curled just enough to form a perfect flower.	.25	2.00
JACK'S DISCOVERY —(Decorative). White, mottled violet rose.	.25	2.00
JEAN KERR —(Show). A pure white bloom, carried gracefully well above the foliage. A foremost variety for cut flowers but just as important as a garden variety, due to its compact, strong growth and free-flowering habit.	.50	4.00
JERSEY'S BEAUTY —(Decorative). The best of this family for baskets and vases, also an ideal pink for florist use. Flowers of perfect form on long stems. A free, early bloomer with exceptional keeping qualities.	.75	6.00
JOPPA —(Decorative). Large flowers, held very erect on woody, stiff stems, dark salmon rose, combined with apricot and gold flowers, eight to ten inches across.	.25	2.00
JUDGE DUNCAN —(Decorative). A very pretty crimson maroon flower, sure to please wherever good dahlias are shown.	.50	4.00

DAHLIAS—Continued

	Each	Per 10
JUDGE MAREAN —(Decorative). Salmon pink, pure gold, orange, red and yellow blended, large flowers on good stiff stems.	.50	4.00
KALIF —(Colossal Cactus). A truly majestic flower, frequently measuring eight to nine inches in diameter; a perfect cactus form, in color a pure scarlet.	.50	4.00
KIWANIS —(Decorative). Large, incurved and twisted petals, really a new type in dahlias; of a bright canary yellow; free bloomer; very much admired by everyone.	.75	6.00
KOHINOR —(Decorative). Large, bronze striped, crimson. Long good stiff stems.	.75	6.00
KOLOROS —(Hybrid Cactus). Pretty clear lemon yellow, of good substance; on nice stem.	.75	6.00
LADY THORNTON —(Hybrid Cactus). A nice bloomer of good flowers, on fair stems. White blended yellow.	.75	6.00
LAWINE —(Cactus). White showing blush as the flowers matures.	.15	1.25
LA MARGUERITE —(Decorative). A very dark maroon. Fair size bloom; good stem.	.75	6.00
LE GRAND MANITOU —(Decorative). Large white flowers, streaked violet purple.	.25	2.00
LENORE —(Decorative). A fine form, lemon yellow with a pretty rosy reflex; good for cutting.	.25	2.00
LITTLE BEAUTY —(Pompon). Delicate shrimp pink.	.15	1.25
LITTLE MAY —(Pompon). Bright lemon yellow.	.15	1.25
LUCY ASHTON —(Cactus). Very pretty shade of light pink petals with a creamy base or center of bloom.	.50	4.00
MABEL THATCHER —(Decorative). Very large wide petaled; yellow; extra good.	.50	4.00
MARGUERITE BOUCHON —(Cactus). Magnificent shade of brilliant, yet soft rose, with very large white center and distinctly fine white tips.	.25	2.00
MARS —(Hy. Cactus). One of the most artistically formed dahlias on the market. Long wavy petals give it great refinement and grace. Salmon red and rich golden ecru are combined in a way that cannot be described.	.75	6.00
MARVELOUS —(Decorative). Truly a marvelous dahlia in growth, size and beauty, which is almost impossible to describe. A beautiful deep mauve pink blended with almost all the shades of a beautiful summer day.	1.00	8.00
MARYLAND —(Decorative). Beautiful large, perfectly formed flowers; freely produced on long graceful stems; the color is an exquisite shade of silver mauve, suffused delicate flesh pink.	.25	2.00

DAHLIAS—Continued

	Each	Per 10
MAURICE REVOIR —(Collarette). Blood red, with a pure white collar.	.15	1.25
MERRITT —(Decorative). Said to be among the best of recent introductions in any class or color; lemon yellow on long stems; profuse bloomer, of fine habit of growth; good for exhibition or commercial purposes.	.75	6.00
MISS MINNIE McCULLOUGH —(Decorative). Soft yellow, overlaid with bronze.	.15	1.25
MRS. CARL SALBACH —(Decorative). Color, lilac rose shading to white at base of petals, blended soft rose; ideal growth and stem.	.35	3.00
MRS. H. C. DRESSELHUYS —(Decorative). The showy pink flowers are carried above the foliage on strong stems; sturdy, blooming most profusely.	.50	4.00
MRS. IDE VER WARNAAR —(Decorative). A universal favorite; a clear, bright lilac rose, strong grower, five-foot stems; can be produced with ten-inch blooms by disbudding.	.50	4.00
MUTUAL FRIEND —(Cactus).—Sulphur yellow at base of petals running into amber and tipped almost white. A beautiful combination in a free blooming, fine petaled cactus.	.35	3.00
NORTON —(Decorative). A good cut flower variety of a bright fleshy pink.	.25	2.00
PATAPSCO —(Hy. Cactus). Six-inch flowers, curled and twisted petals, gracefully arranged; deep silvery mauve rose suffused pink, very much admired; free bloomer and good habit.	.25	2.00
PATRICK O'MARA —(Decorative). The flowers are eight inches or more in diameter and borne on long stiff stems; they are firmly set at right angles close to stem; the color is an unusual soft and pleasing shade of orange-buff, slightly tinged with Nevronrose. An autumn shade that is in great demand. It is a splendid shipping and long-keeping dahlia; none better for commercial use or more pleasing for ornamental purposes.	.50	4.00
PAUL BONYON (Decorative). A beautiful salmon pink, with a luminous green sheen; the flowers are large, perfect in shape and very freely produced on long stems.	.25	2.00
PRAIRIE FIRE —(Peony). Rich scarlet.	.15	1.25
PRIDE OF CALIFORNIA —(Decorative). Large deep red flowers of fine form and good keeping qualities, held high on long rigid stems.	.25	2.00
PRINCESS MAY —(Decorative). A pretty combination of canary yellow overlaid crimson or bronze; good stem.	.35	3.00
QUEEN GENEVEVA —(Decorative). An odd shade of pink tipped fleshy white; hard to describe yet not hard on eyes to look at; very pleasing.	.50	4.00

DAHLIAS—Continued

	Each	Per 10
QUEEN OF YELLOWS—(Show). Pure yellow, quilled petals.	.15	1.25
QUEEN WILHELMINA—(Peony). Fine, pure white.	.25	2.00
QUOTA—(Ball Decorative). In presenting this new variety we are adding to the dahlia growers' list a white which will not be surpassed for sometime; a clear, clean white of very good quality and a good keeper on strong, stiff, long stem, admired by everyone.	1.00	8.00
ROMAN EAGLE—(Decorative). Large flower, colored burnished copper, a wonderful brilliant autumn shade, borne on long stems well above the foliage.	1.00	8.00
ROMNEY—(Decorative.) Large, flat maroon with a good stem; fine for garden or exhibition purposes.	.75	6.00
ROTARIAN—(Decorative). Large curled and twisted petaled flowers, a mate to Kiwanis of a fine violet maroon; extra good habit of growth and blooming.	.50	4.00
ROSE PINK CENTURY—(Century). Clear rose pink; immense size.	.15	1.25
SAGAMORE—(Decorative). This dahlia is a wonderful commercial and exhibition variety; color, amber gold, exclusively shaded with a warm salmon rose and orange buff; an open, strong grower with erect stems; good keeping qualities and of uniform large size.	1.00	8.00
SANHICAN BLUE BIRD—(Decorative). The color is an uncommon blending, the outer petals at maturity are bright violet-blue, while the center retains the violet tint; it is a bloom of very large size, erect on strong wiry stems.	2.00	16.00
SCARLET CENTURY—(Century). Bright scarlet.	.15	1.25
SCARLET LADY—(Decorative). A very pretty dark scarlet, on good stem; a free bloomer; early and constant.	.75	6.00
SEEDLING NO. 37—(Peony). The most delicate and tender combination of a soft, rosy lavender, suffused and over-laid silvery fawn.	.25	2.00
SENSATION—(Century). A double century; vivid scarlet, heavily tipped white.	.25	2.00
SHUDOWS LAVENDER—(Decorative). A picturesque flower with beautiful light lavender blooms having a gleam of silver.	.50	4.00
SNOW CLAD—(Pompon). White, and early and profuse bloomer.	.15	1.25
SOUVE MME. MOREAU—(Show). Deep, rich pink.	.25	2.00
SIOUX—(Decorative). Large, strong growing plant, making good heavy stems with a fine large red flower of excellent substance and keeping qualities.	.75	6.00
SNOWFLAKE—(Single). A beautiful pure white borne on a good stiff stem. Profuse bloomer.	.50	4.00
STANDARD BEARER—(Cactus). Rich firey red.	.15	1.25
ST. GEORGE—(Single). Large; pure yellow.	.15	1.25
SUSAN PECK MCANEENY—(Hy. Cactus). Lemon yellow with shadings of Jasper Pink. Large flowers, freely produced on good stems.	5.00	40.00

DAHLIAS—Continued

	Each	Per 10
SWEETHEART —(Cactus). A heavy pure white; fine twisted and curved petals; free blooming; dwarf habit.	.25	2.00
SYCAMORE —(Decorative). Clear, bright yellow; borne freely on good stems.	.50	4.00
THE EMPEROR —(Decorative). Velvety maroon; immense flowers on extra long stems; a wonderful flower.	.75	6.00
THE PRINCE —(Decorative). Another very pretty, medium sized red and a very good cutting variety.	.75	6.00
THE RED PLANET —(Decorative). Large flowers of splendid form; the color is cerise red, suffused yellow; fine for exhibition and garden.	.75	6.00
THE U. S. A. —(Decorative). Flowers of good size; unusual shade of orange scarlet; free bloomer.	.75	6.00
THE VAMP —(Hy. Cactus). Another good, dark maroon of fine form and habit; good size bloom, freely borne on good stem.	.50	4.00
VALENTINE —(Collarette). Yellow shading crimson, white collar.	.25	2.00
WINFIELD SLOCOMBE —(Decorative). One of the most beautiful orange colored dahlias to date; burned orange with a center of beautiful golden hue, very unique.	1.00	8.00
WARREN G. HARDING —(Decorative). Pure white; flowers of large size, perfectly formed, freely born on strong stems.	.50	4.00
WARREN S. SEIPP —(Cactus). Spectrum red, shading to carmine towards center; free flowering; good true cactus form and stem.	.50	4.00
WHITE CENTURY —(Century). Beautiful snow white.	.25	2.00
WODAN —(Cactus). Bold, large, but not coarse flowers, frequently seven inches in diameter; a graceful arrangement of semi-curved petals of a pleasing delicate salmon-rose color, shading to old gold in center.	.25	2.00
WOLFGANG VON GOETHE —(Cactus). Large, gracefully arranged perfect flowers of a rich apricot with carmine shading.	.25	2.00
WM. F. GUDE —(Decorative). Pure white; long stems; good keeper; fine for cutting.	.25	2.00
ZEBRA —(Show). Pearl white, edged deep pink.	.25	2.00

DUSTY MILLER

SENECIO ARGENTEUS—Silvery foliage.

Fine for bedding; vases; hanging baskets and pots; also extensively used for margin.

15 cents each. \$1.50 per doz. \$8.00 per 1.00

GERANIUMS

We have no hesitation in claiming that our selection of Standard sorts stands preeminent among such collections in the world. It contains only distinct and useful varieties and is the result of the most careful selection of hundreds of varieties introduced by the foremost European and American hybridizers. We have listed only those sorts which years of experience in growing and selling Geraniums has taught us are the very best in their different classes, such as can be depended on to produce the most satisfactory results and which represents the highest standard of development yet obtained in their special class and color.

In keeping this list up to this high standard we are constantly adding many of the newer sorts and discarding some of the old sorts which have been favorites but are now superseded by others which are more beautiful in form, greater in substance, more exquisite in color and more satisfactory in growth.

20 cents each. \$2.00 per doz. \$10.00 per 100.

ABBIE SCHAFFER—A beautiful soft pleasing crimson scarlet, in fact, the finest and most dependable red we have; splendid semi-double flowers, magnificent trusses, abundantly produced; excellent semi-dwarf habit. A variety that is good everywhere.

ALPHONSE RICARD—A geranium of such perfect habit that it has become the standard by which all other geraniums are judged. The handsome, perfectly formed, semi-double flowers of a bright vermilion scarlet are produced in profusion and the foliage is a handsome, luxuriant, bright green, slightly zoned. It is in every respect a general favorite.

BEAUTY POITEVINE—One of the most popular varieties that we have. With its lively light salmon color, its semi-dwarf, robust and branching habit, beautiful deep-zoned foliage, healthy constitution, perfectly formed flowers and enormous trusses freely produced. It is a variety that can be depended on.

BERTHA de PRESILLY—A most beautiful shade of silver rose pink, slightly shading to an almost white center; large semi-double flowers, profusely produced in splendid trusses, handsome light green foliage. One of the best bedding pinks we have, standing the sun well.

DAGATA—One of the most distinct and handsome pink geraniums we have, the foliage attains a magnificent size. It is that exquisite rich green which is so much admired by the most discriminating trade; the color is a strikingly beautiful shade of mauve rose, with large blotches of white at the base of petals; the trusses are gigantic and produced in profusion.

DOUBLE DRYDEN—An ideal fancy pot plant as well as a good bedder. In color it is an attractive combination, being coral white at the center, shading through delicate lilac toward the outer edge of the petals, which are a beautiful glowing soft crimson; flowers and trusses of a good size.

EDMOND BLANC—One of the newer standard geraniums that is attracting attention wherever seen on account of the handsome coloring being the most beautiful of the cerise shades. The color is a bright carmine shaded around the white eye and on upper petals with bright scarlet. The flowers are perfectly formed in large trusses, which are freely produced, foliage deep rich green, slightly zoned.

GERANIUMS—Continued

E. H. TREGO—One of the most beautiful shades of dazzling scarlet with an exquisite soft, velvety finish on a saffron ground. The flowers, large semi-double and often measure 2 inches in diameter produced in enormous trusses in great profusion. The foliage is glossy green, with dark zone, large and of good texture; an excellent semi-dwarf, robust and branching. An ideal pot variety.

GENERAL GRANT—A universal favorite as a bedder; bright orange scarlet flowers profusely produced during the entire season in medium size trusses; a vigorous grower standing the sun exceptionally well.

JEAN OBERLE—One of the most beautiful among the colors known as peach pink, shading tenderly to almost pure white on outer edge of each petal; the florets are exceptionally well formed; immense trusses; habit usually strong and vigorous, very free bloomer; foliage distinct and one of the types that stand the sun well.

JEAN VIAUD—An attractive, bright, clear shade of mauve rose, shading to a distinct white center; flowers are large and trusses enormous, sometimes measuring 6 inches in diameter; habit dwarf, compact vigorous and exceptionally free flowering.

JOHN DOYLE—A pleasing soft crimson red, a great favorite, both as a pot plant and as a bedder.

LA FAVORITE—One of the finest double whites in its class; pure in color, flowers of an enormous size. A continuous bloomer, the plant being covered with flowers the entire season, beautiful foliage; finest habit; unsurpassed as a bedder.

MARQUIS de CASTELLANE—One of the most beautiful and distinct geraniums in the Bruant class. Beautiful soft crimson, varying to tomato red. The flowers are very large, perfect in form and borne in large trusses, profusely produced on long rigid stems; foliage large and of fine heavy texture, slightly zoned habit, semi-dwarf and vigorous; strong constitution. A variety which we can recommend, knowing that it is one of the healthiest growers that we have.

MARQUIS de MONTMORT—Deep crimson carmine. A very novel and beautiful shade; fine large trusses and florets held well above the strong, robust deep-zoned foliage. An exceptionally striking variety greatly admired.

MISS F. PERKINS—An exquisite shade of deep rose pink, with a distinct white throat; large handsome flowers and trusses borne on long, stiff stems held well above the foliage; well known standard favorite as a bedder or pot plant; constant bloomer, being a mass of color the entire season; strong constitution standing our extreme climate conditions in fine shape.

MAD. BUCHNER—Strong vigorous grower, producing magnificent snow white flowers. Beautiful foliage.

MME. JAULIN—Flowers are very large, produced in enormous trusses, semi-dwarf and compact grower. The foliage is large, handsome and deeply zoned; flowers large; trusses immense and freely produced; color an exquisite shade of rich, light salmon, shading lighter to an almost white margin at edge of petals.

MME. LANDRY—One of the choicest and handsomest of the Bruant race, very free and constantly in bloom throughout the season; florets are large and borne in enormous trusses on long stems held well above the foliage. Color is a brilliant shade of apricot, shading to a copper with white eye; in habit it is robust, semi-dwarf and a vigorous grower; broad-fluted, slightly zoned foliage; evidently the best white we have.

MME. RECAMIER—Pure white; individual flowers are double, beautifully formed and produced in enormous trusses; strong and vigorous grower; broad-fluted, slightly zoned foliage; evidently the best white we have.

GERANIUMS—Continued

MRS. ANNIE VINCENT—Exquisite semi-double flowers of a pure carmine color somewhat maculated white; incomparable for freshness and brightness; short, robust grower, with exceptional resistance to inclement weather. The handsome semi-double flowers are produced in magnificent trusses well above the attractive foliage.

MRS. LAWRENCE—This is one of the finest geraniums that we have in this color. Clear, healthy foliage; splendid dwarf, compact habit of growth; wonderfully free in flowering; indispensable as a pot plant, being strongly recommended as a flower for winter; unsurpassed as a bedder. The color is an artistic shade of satiny salmon pink, slightly tinged white.

PETER HENDERSON—A perfect specimen of the Bruant or sun proof type, foliage of excellent texture, strong robust grower. The bright poppy red flowers are freely produced, an all around good red geranium.

S. A. NUTT—A dark red geranium. Considered to be one of the best bedders and is more generally used than any other geranium, both as a pot plant and a bedder. A vigorous compact grower, with clean, healthy constitution.

SCARLET BEDDER—A rather dwarf, compact grower; medium size, deep-zone foliage; free flowering, fair trusses of perfectly formed semi-double flowers; dark, fiery red color, not as dark as S. A. Nutt; magnificent as a pot plant, as well as a bedder.

SINGLE VARIETIES

EUGENE SUE—A very attractive and brilliant shade of russet orange; immense foliage of fine texture; floriferous effect of this variety is incomparable; semi-dwarf; robust and branching habit.

GRANVILLE—An excellent bedding variety; most attractive shade of deep-rose pink, with white blotches on upper petals; desirable, strong, compact and beautiful habit, standing the sun extremely well.

JEAN PABON—Robust and free flowering; the trusses are enormous and held well above the foliage. Grand round flower, blood red color, small white eye; good strong robust grower; clean, healthy constitution.

MAXIME KOVALESKI—Fine, vigorous grower; handsome foliage; beautiful orange shade of Lincoln red; a very dis-

tinct and striking variety when massed; a great acquisition to bedding class.

MRS. E. G. HILL—An exquisite shade of soft, light salmon, continual bloomer; excellent bedding variety; semi-dwarf; will resist the heat of the sun.

MRS. GEO. BURKE—Soft, velvet crimson, medium slightly zoned foliage, free flowering, one of the best bedders we have.

PAUL CRAMEL—Attractive shade of vermilion scarlet; deep rich green, distinctly zoned foliage; strong, compact, vigorous.

SNOWDROP—Strong, compact, grower; splendid bedding variety; having enormous trusses of pure white flowers, held well above the foliage. A variety that will not fade.

IVY LEAVED GERANIUMS

ACHIEVEMENT—Distinct and pleasing shade of soft cerise pink; immense semi-double flowers, freely produced in large trusses; capable of withstanding inclement weather because of the hardness of its strength, the result of a cross with Zonal.

ALLIANCE—A French hybrid between a Zonal and Ivy. Its color is a most ex-

quisite shade of delicate, lilac white, upper petals feathered and blotched bright crimson rose; flowers semi-double and abundantly produced in fine, large trusses; foliage beautiful, clean and of splendid leathery texture; habit excellent, robust, strong, close-jointed.

GERANIUMS—Continued

CAESAR FRANCK—One of the most popular ivy geraniums yet introduced, the color is an attractive shade of soft, rich crimson, with an exquisite shading of tender rose at the base of petals; habit vigorous, quick growing and pleasing; strong constitution.

COUNTESS de GREY—Profuse bloomer; large well-formed flowers; a pleasing light satiny salmon color; foliage and petals of fine durable substance; strong, healthy, erect growth; luxuriant, glossy, green foliage.

JAMES ATTFIELD—A hybrid, extra large, double flowers of a pretty tint of soft pink, short jointed in growth; very free.

JAMES T. HAMILTON—A hybrid; intense carmine crimson; long stout stems; good for bedding or pot work.

MRS. BANKS—Flowers are large, semi-double and borne in medium size trusses on long wiry stems; color a pleasing shade of blush white, upper petals feathered reddish Neyron; in habit of growth

it is truly an ivy; exceptionally strong and vigorous, flowering abundantly through the winter; handsome light green foliage.

MRS. HAWLEY—Pleasing shade of rose cerise, slight magneta shading, dark blotch on upper petals; large semi-double flowers; strong, robust grower; splendid habit.

PIERRE CROZY—Profuse bloomer; large semi-double flowers, color bright scarlet, handsome and delicate finish; open trusses; possesses all the good qualities, which make up an ideal pot plant; low growing bedder; very heavy in texture while forms of truss and florets are found only among the ivies.

RYCROFT SURPRISE—Semi-dwarf short jointed and branching habit of growth. One of the most beautiful and best ivy geraniums that we have. In color it is a charming clear rose—a rich pink which is very attractive. Combining all these qualities, it makes an ideal ivy geranium.

SCENTED LEAVED VARIETIES

BALM—Large flowers, upper petals light lilac, lower petals dark; large leaves with very strong fragrance.

CAPITATUM—Small cut leaf; rose scented.

CLORINDA—Of splendid, free, bold, growing habit; deep green foliage and an agreeable and refreshing fragrance. Flowers of good size and quite an improvement in that respect; of a bright rose cerise shade; splendid winter bloomer; very free flowering.

DR. LIVINGSTON—This is the so-called skeleton leaved geraniums; leaves freely cut or fern-like; strongly fragrant.

DALE PARK BEAUTY—Pleasing and fragrant foliage; immense flowers, broad lower petals deep lilac, upper petals purplish crimson maroon, feathered dark maroon.

FAIR ELLEN—Large oak-leaved foliage; fragrant and beautiful.

FELICIFOLIUM ODORATUM—Very attractive on account of its beautiful fern-leaf foliage, both as a plant and when used among flowers; a great favorite.

LADY MARY—Upper petals rose-lake shaded violet crimson; lower petals bluish white, small flowers, very pleasing odor.

LEMON—Small, glossy green leaves; delicate lemon scented.

NUTMEG—Nutmeg fragrance; dwarf light green foliage. Introduced 1774.

OAK LEAVED—Leaves somewhat resembling those of an oak tree, dark chocolate center.

PHEASANT'S FOOT—Large foliage.

QUERCIFOLIUM—Oak-leaved foliage, leaf black center, very attractive.

ROSE—The standard rose scented; a favorite since it was introduced.

SCHOTTESHAMPET—Filbert scented.

TOMENTOSUM—Large, flat woolly foliage, highly scented with peppermint.

FUCHSIAS

Fuchsias are much prized as pot plants for both winter and summer blooming. They are of a hard-wooded nature and can be kept for any number of years, in fact, can almost be grown into small trees. The flowers are bell-shaped, held in graceful sprays. In the summer they should be kept out of the hot sun; are unexcelled for shady porches.

15 cents each. \$1.50 per doz. \$8.00 per 100.

ALPHAND—Large double, lilac mauve corolla; tube fuchsia red.
A. P. VITAL—Plum color.
BLACK PRINCE—Single; purple striped with red, red sepals.
BERANGER—Violet purple.
ELM CITY—Calyx of cochineal red, large single corolla of deepest red.
GRAFF WITTE—Red corolla, red sepals.
GERBERT—Curved petals, fiery red; large double corolla, reddish purple, blotched cardinal red.
GLORIA de MARCELLANE—A free blooming double white, large white corolla, red sepals.
JULIUS LEJEUNE—Plum streaked rose.
J. MORNS—Double rose.
LACEDEMORNE—Large, double white.
MARINKE—Red flowered, tall grower.
MAD. FOURTE—Tube and sepals flesh pink. Corolla deep rose.
MINNESOTA—Tube and petals light pink, corolla violet purple.

MINISTER BOUCHER—Double; large carmine petals, lilac rose corolla.
MRS. GLADSTONE—Double white corolla, scarlet tube and petals.
PRINCE GEORGE—Double, violet prune color.
SOUV. de H. HENKEL—Metallic bronze, large cinnabar red flowers.
SPECIOSA—Single pink.
TROPHELIA—Reddish bronze foliage, small red flowers, splendid for making up baskets.
WHITE PHENOMENAL—Large double white.
IRWIN'S GIANT PINK—This is fast becoming a great favorite on account of its most pleasing habits, being early and free blooming dwarf, but robust growers, large double flower, the corolla being cameo pink, heavy veined; pale rose purple with spinel red sepals.

25 cents each. \$2.50 per dozen.

HARDY ENGLISH IVY

A Hardy Evergreen Vine that retains its dark, glossy green leaves all the year. It is one of the most valuable of all Hardy Vines, extensively used in covering walls to which it will cling if it has a rough edge to which it can root. Is now becoming very popular for inside decoration, for sun parlors, fern dishes and in innumerable ways, whenever a green vine can be used.

We have both the large and small leaf varieties.

15 cents each. \$1.50 per dozen. \$8.00 per 100.

Larger plants at 25 and 50 cents each.

HELIOTROPE

Heliotrope has long been a favorite garden plant on account of the delightful fragrance of the flower which can be used advantageously with any other flowers lacking fragrance of their own. The finely formed, delicate lavender color of the flowers harmonizes with most any other color. The varieties we offer have been selected with great care.

15 cents each. \$1.50 per doz. \$8.00 per 100.

CHIEFTAIN—Lilac, sweet scented.

MME. BRUANT—Very dark purple; large trusses.

ROYAL FRAGRANCE—Large florets, produced in large trusses, very sweet scented, strong, robust grower.

20 cents each. \$2.00 per dozen.

LANTANAS

There are few summer flowering plants that give more satisfaction than Lantanas. They can be depended on to bloom regardless of the hot sun and dry weather if given any chance at all. They are becoming quite popular as a bedding plant on account of their bright, showy colors, running through scarlet, yellow, pink and lavender. The Delicatissima, or Weeping, is hard to surpass as a basket or vase plant.

15 cents each. \$1.50 per doz. \$8.00 per doz.

A. CLAVEAN—Primrose pink.
A. COOK—Orange and rose dwarf; compact grower.
AURORA—Tall, orange and coppery red.
DELICATISSIMA, OR WEEPING—Lilac-lavender; one of the finest basket plants that we have.
E. BAYARD—Bright orange, red and yellow.
CRAIGI—Lemon yellow turning to orange.
FRANCINE—Dwarf, opening, lemon yellow, turning rose pink.
HARKETT PERFECTION — Variegated foliage; light pink and yellow.
HELVIA—Pale canary, shading to a deep yellow center.
IOLANDO—Rich orange, shading to a bright red; semi-dwarf.

JUAN D'OR—Bright sulphur, shading to a deep rose pink.
LA PLUIE D'OR—Pure yellow, dwarf grower.
LEO DEX—Open orange scarlet, changes to dark maroon; robust.
LYRE—Pure white with yellow center; large flowering.
MER JAUNE—A beautiful semi-dwarf variety; bearing in profusion golden yellow blossoms.
MELLISSIFOLIA—Large flowers, sulphur yellow tinged pink.
PROTEE—Old rose and golden yellow.
RADIATION—A grand combination of color, brilliant and red shading.
TETHYS—Clear sulphur yellow, semi-dwarf, robust grower.

LEMON VERBENAS

A well-known garden plant, appreciated for the sweet lemon-scented foliage, which is extensively used to impart a sweet scent to bunches of flowers lacking in a scent of their own. It is also used in flavoring jellies.

15 cents each. \$1.50 per doz. \$8.00 per 100.

MARANTA MASSAGEANA

A low growing decorative plant, leaves grayish green, blotched dark purple, small, inconspicuous white flowers, a decided acquisition to a collection of small plants.

25 cents each

MOONVINES

A quick growing vine, having rich green foliage; one of the best vines that can be had for covering porches, etc. The beautiful, pure, large white flowers when open in the evening produce an effect which almost baffles description. The flowers of Leari are a most beautiful blue. They remain open well into the morning.

15 cents each. \$1.50 per dozen. \$8.00 per 100.

NOCTIFLORA—The standard white Moon-vine.

LEARI—(Blue Dawn Flower) generally known as the Blue Moon Flower.

PETUNIAS

The Petunia has long been a favorite summer flowering plant for the garden or porch boxes. They are continually in bloom from early spring until late fall. We have for a number of years made a specialty of these and offer a select variety of colors.

15 cents each. \$1.50 per doz. \$8.00 per 100.

DOUBLE FRINGED MIXED.

SINGLE FRINGED MIXED.

ROSE OF HEAVEN—Soft carmine pink with white throat. A favorite for baskets, windowboxes, etc.

SALVIA

America. Dwarf bushy compact grower, uniform in height, brilliant scarlet.

Bonfire. The popular Scarlet Sage, growing from 18 to 30 inches high; covered the entire summer with sprays about five inches long of the highest scarlet, producing a color effect that can be seen as far as the eye can discern; superior as a bedding plant or border for tall growing Cannas, planting in front of a porch, etc.; stands the sun perfectly.

15 cents each. \$1.50 per doz. \$8.00 per 100.

PARLOR IVY

SENECIO SCANDENS

Parlor, or German Ivy, a fast growing vine, with bright green, luxuriant foliage, especially suitable for trellis work, conservatories, hanging baskets or in porch boxes, etc., where the wind does not strike it too hard.

15 cents each. \$1.50 per doz. \$8.00 per 100.

SAXIFRAGA SARMENTOSE

Strawberry Geraniums, a low growing plant with leaves nearly round, striped freely with silver veins. It is adapted to hanging baskets and boxes; makes one of the most handsome plants imaginable when growing in a basket with the young plants drooping down, held only by a thin, wiry stem.

15 cents each. \$1.50 per doz. \$8.00 per 100.

ST. AUGUSTINE GRASS

Stenotaphrum Seceendatum, Variegatum

A beautiful, variegated type of the St. Augustine Grass, making a grand acquisition to the list of plants suitable for basket and vase work. Narrow white and green blades, stands the sun well. Splendid for single specimen in 6 and 8 inch pots.

15 cents each. \$1.50 per doz. \$8.00 per 100.

SELAGINELLA EMMELIANA

Club Moss, the Selaginella is a graceful fernlike greenhouse or conservatory plant, growing 6 to 8 inches high, useful in many ways, very effective as table fern.

3-inch pot plants, 25 cents each

SWANSONIA

Galegifolia Alba. A native of Australia, bearing a profusion of sprays of white flowers resembling sweet peas; will bloom all winter, and when the beautiful lace-like foliage can be trained over a window box it produces an effect that is very pleasing.

15 cents each. \$1.50 per doz. \$8.00 per 100.

TRADESCANTIA

The Wandering Jew. A variegated plant of easy and rapid growth, very easily propagated. The plant should have plenty of moisture; usually used in hanging baskets, porch boxes, etc.

RED—Red and green striped.

YELLOW—Bright golden yellow.

VARIEGATED—White and green striped.

15 cents each. \$1.50 per doz. \$8.00 per 100.

VINCA

Variegated Periwinkle. A beautiful white and green variegated trailing vine, admirably adapted to window boxes, hanging baskets and vases.

15 cents each. \$1.50 per doz. \$8.00 per 100.

DAHLIA SHOW

We are planning to hold our

22nd Annual Dahlia Show

October 1, 2, 3, 4 and 5

Our show has for years been the real event of the Dahlia season. Thousands come to see our display both in the exhibition hall and fields. This is an opportunity to see who is who and what is what in the Dahlia world.

Every one interested in Dahlias is invited.

No charge for admission is made.
